

**CERTIFICATION OF THE
ANNUAL FINANCIAL
STATEMENTS PURSUANT
TO ART. 154-*bis*
OF LEGISLATIVE DECREE
58/988**

Statement of responsibilities for the Consolidated Financial Statements pursuant to art. 58/98

The undersigned Paolo Ceretti, in his capacity as CEO, and Manolo Santilli, in his capacity as manager responsible for preparing the financial reports of DeA Capital S.p.A., taking into account the provisions of art. 154-*bis*, subsections 3 and 4, of Legislative Decree 58 of 24 February 1998, certify the adequacy in relation to the characteristics of the business and the effective application of the administrative and accounting procedures for the preparation of the consolidated financial statements during the 2020 financial year.

The assessment as to the suitability of the administrative and accounting procedures for preparing the Summary Half-Year Consolidated Financial Statements at 31 December 2020 was based on a process established by DeA Capital S.p.A. in keeping with the Internal Control – Integrated Framework model issued by the Committee of Sponsoring Organisations of the Treadway Commission, which is the generally accepted reference framework at the international level.

Note that in this regard, as described in the Notes to the Financial Statements, a significant portion of the assets are investments stated at fair value. Fair values were determined by directors based on their best estimates and judgement using the knowledge and evidence available at the time the financial statements were prepared. However, due to objective difficulties in making assessments and the absence of a liquid market, the values assigned to such assets could differ, and in some cases significantly, from those that could be obtained when the assets are sold.

The undersigned further certify that the Consolidated Financial Statements at 31 December 2020:

- correspond to the Companies' accounting records;
- have been prepared in compliance with the International Financial Reporting Standards adopted by the European Union, and the measures issued to implement art. 9 of Legislative Decree 38/2005;
- to the best of their knowledge, provide a true and fair view of the operating performance and financial position of the issuer and the group of companies included in the scope of consolidation.

The Report on Operations contains a reliable analysis of operating performance and results and of the situation of the issuer and all companies included in the scope of consolidation, together with a description of the main risks and uncertainties to which they are exposed.
